Experience

July 2023 – present

Lead Front end developer At Utiopia

- As the lead for Front-End Development at my company, I assume a pivotal role in shaping the design and front-end development landscape. I am responsible for making strategic decisions encompassing design choices, front-end development methodologies, and the selection of appropriate technology stacks.

Nov 2022 – June 2023

Front end developer At CEIT

- Developed a wide range of projects, including web games, ecommerce websites, and dynamic dashboards. My approach was marked by an open-minded embrace of diverse technologies, ensuring optimal solutions that aligned with project requirements. I adeptly transformed managerial directives into functional, proficient web applications, showcasing both adaptability and technical acumen in delivering high-impact digital solutions.

Education

2017 – June 2021

Bachelor of software Engineering, Esfarayen University of Technology, Iran

Awards

- 2017: Top student of the year
- 2021: Overall GPA: 17.15 out of 20
